

# The Keys Experience

**March 21- April 1, 2022**

**Camp Jackson Sawyer at Florida Sea Base**

The Keys Experience is a supported BSA Family Adventure Camp for Scouts with disabilities or special needs and their families.

*National Special Needs & Disabilities Committee members will be at camp to help support family activities in camp as well as support any adaptive needs with nearby vendors. Families will have the opportunity to create their own schedules, whether they want to stay in camp and wade in the tidepools, visit Bahia Honda State Park for aquatics activities, visit the Brinton Environmental Center and learn about Marine STEM, or spend the day in Key West or exploring other areas of interest.*
