

WHAT IS CHIPMUNKS?

The Chipmunks Program is a playful and engaging adventure designed especially for our youngest learners! This Pre-K (4-5 years old) Scurry program gives Chipmunks an exciting opportunity to explore, create, move, and grow through hands-on learning experiences that build confidence, curiosity, and community.

Throughout the year, Chipmunks will explore eight unique learning themes, each represented by a friendly forest animal. These themes encourage discovery, creativity, kindness, and fun—while allowing children to learn at their own pace in a safe, welcoming environment.

Meetings Once a Week

\$50 One-Time Enrollment Fee

(Includes Activity Stickerbook, Neckerchief & Slide)

\$10 Monthly Fee

4-5 YEAR OLDS

Scouting  America

The Chipmunks Program Includes:

Purpose - A playful, hands-on adventure that builds confidence, curiosity, and a sense of community in young learners.

Weekly Meetings - 1-hour sessions

Learning Themes - Children explore eight forest-animal themes throughout the year. Each theme encourages discovery, creativity, kindness, and exploration at each child's own pace.

School-Ready Skills Through Play - The Chipmunk program helps children develop essential school-readiness skills—such as effective listening, cooperation, fine- and gross-motor skills, and natural curiosity—through engaging, hands-on activities.

Promotes Early Social Skills & Friendship - Chipmunks provide a safe, welcoming environment for children to practice problem-solving techniques, teamwork, and promote natural opportunities for empathy for one another.

Age-Appropriate Recognition - Activities are intentionally designed to keep Chipmunks engaged through short, small-group experiences and flexible, hands-on projects that make meetings both fun and focused. The Chipmunks program encourages participation with weekly recognition, helping build confidence, independence, and a spirit of curiosity as they explore and try new adventures.

Strengthens Parent-Child Connection - Activities are purposefully designed to encourage shared parent involvement. The at-home projects offer meaningful opportunities for families to participate in the child's learning and experiences.

Overall Experience - A safe, welcoming environment where children can move, create, explore, and grow socially and academically.

MEET MY FOREST FRIENDS!
